As director of her family's firm Prestbury Travel Group, Emma Bosworth could be one of the county's most well-travelled ladies. Much of her dining is done near the company's offices. Here she reveals her favourites

THE LEGH ARMS,
The Village, Prestbury, SK10 4DG

The Legh Arms is without doubt a firm favourite of all our family. We love the fact that we can stroll into the village after a hectic day in the Prestbury agency, pick up a bar menu and relax in the informal setting of the bar and enjoy some excellent pub food. The perfect antidote after a stressful day!

OLIVERS RESTAURANT

We have many hotel partners from some of the best hotels in the world who regularly visit our offices in Poynton. It is important we impress and with this contemporary bistro just around the corner in Woodford, it is the perfect setting for a business lunch. Their express lunch time menu serves beautiful locally sourced produce, in double quick time.

This is a place we love to go to with all the family, who especially love Italian food and the buzzy atmosphere. The kids especially love choosing their pizza toppings but there is something for everyone here.

EARLE

Through the travelling I do, I am privileged to eat at some of the finest restaurants in the world, including those with the coveted Michelin star. With a Michelin star chef at the helm here this restaurant has some excellent, world-class dishes.

PHEASANT INN

We love heading over to our Tarporley office as it's a beautiful drive through stunning countryside. The added advantage is the many excellent pubs and restaurants en route. Our favourite though has to be The Pheasant Inn with its stunning views of rural Cheshire coupled with its warm interior and delicious wholesome pub grub. ■
